

PARAMOUNT CLAIM FOR TRUE ALLODIAL TITLE FOR THE LAND MASS KNOWN AS NORTH AMERICA

Please be advised that I, Jeanne, by the grace of my creator, being a living flesh and blood woman with paramount claim of status already acknowledged, do hereby claim the allodial title to the land best described as the continental land mass "North America" for all the private sovereign peoples thereon. Allodial title is defined as that title which owes no duty to any lord or superior. This claim transfers the alleged presumed and assumed public ownership of the soil from the present corporate establishment, to the correct, ultimate, private 'stewardship' by right to the flesh and blood living men and women on the land identified by this written claim in perpetuity as was designed by natural law by our creator.

Be it known that this land, "North America" includes what is colloquially known as the fifty (50) states for America including any islands, the provinces and islands of the nation of Canada, the nation of Mexico, the nation states of Central America, the land mass of Greenland and the nation of Iceland each with their own maritime islands and the lesser and greater Antilles and Leeward and windward islands as well as the West Indies and Caribbean. "North America" includes the soil surrounded on all sides by water; specifically the Atlantic Ocean, the Pacific Ocean, the Arctic Ocean, the Bering Sea, the Beaufort Seas, Baffin Bay, The Sargasso Sea, the Gulf of Mexico, the Caribbean Sea; it is demarcated on the southerly portion by the "Columbian Trench" and on the north-westerly portion by the centre of the waterway known as the "Bering Strait". This claim extends into the sea beds (to the edge of the continental shelf) or to the median line between the continent of "North America" and any other nation. In essence, this claim covers the land mass surrounded by waters and extends from the point known as 'true north' to the center of the "Columbian Trench". See the diagram at the end of this claim.

Further, This claim includes all water below or within said land as far as the centre of the earth and all air above the tract of land to the outer edges of the atmosphere, that is from the core in the earth to the core in the sun; as far as the eye can see and everything in between. This claim from coast to coast includes, but is not limited to all lands, soil, grounds, havens, ports, rivers, mines, minerals, woods, marshes, waters and all rights to the core of the earth and all other rights connected with the land.

This claim is made for all of the sovereign private living breathing men and women who steward the soil upon which they stand in peace; these people are vested with unalienable rights as these people are part of the natural world as endowed by their Creator.

If you know of any other valid claim(s) against this rightful announcement, you are hereby required to notify me of such claim and the basis upon which it is made within 30 days of the date of receipt of this notice for if any such valid claim exists it should be easy to produce.

Failure to so do will have three consequences:

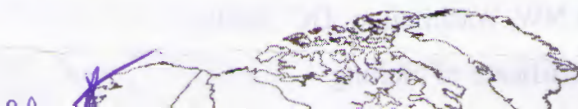

1. It will negate any corporate claim(s) which any government may have in the future.
2. It will act as an estoppel to any corporate person who may bring a claim to the above in the future.
3. It will serve as notice to the public and/or corporate as silence is acquiescence in this matter of an allodial claim to the land described above as North America.

To be acceptable, a point by point rebuttal of the entire instrument is mandatory for rebutting a single point will not rebut the entire document.

All callings not answered will be founded upon.

This notice is written with clean hands, in full truth and has been both acknowledged and privately witnessed.

I am Jeanne on the continental land mass known as "North America" this 30th day of September, 2016.

CERTIFICATE OF SERVICE

I, Jeanne, certify that a copy of foregoing notice and claim are served upon the following parties in the specified manners:
